Arzberg - TRIC "Sternenzauber"

Arzberg TRIC "Sternenzauber"

With a slight wave these little messengers from heaven spread themselves across pure, white porcelain: sometimes several of them together form discreet glittering clouds; sometimes they shine individually from the edge of the porcelain; some of the stars have even wafted into the cups. That's how authentic the latest Christmas "Sternenzauber" pattern appears on the popular TRIC shape.

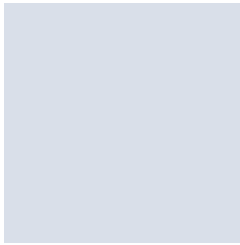

TRIC has won repeated awards for its user-friendly multi-functionality and timeless design. Which applies equally to the new, uncomplicated, reduced stars pattern: it lends any romantic candle-light dinner a wonderful glow – and not just at Christmas.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio

features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
