Hutschenreuther - Collector's items 2021: Christmas Gifts

A winter fairy tale made of high quality porcelain with great attention to detail and delicacy designed by artist Renáta Fučíková - Hutschenreuther presents "Christmas gifts" the new collector's items 2021. Christmas is traditionally celebrated as a festival of merriment and charity within the family circle, and new colourful cups, mugs and plates bring a cheerful Christmas atmosphere into every home. With a fine colour décor adorning bell, ball, cone and boots made of fine porcelain, the Czech artist invites you to give joy not only to your family and friends but also to our little friends in nature.

Field and forest are asleep in winter - the trees wear thick snow caps on the biscuit plates, the glass sphere with snow effect and the star-shaped tray, and cheerful little birds sit in their crowns like a bright Christmas decoration. Renáta's colourful illustrations decorate both limited edition collectibles such as porcelain bell and mini Christmas sets, and paper napkins, plates and cups, as well as Christmas gift items such as mini tree ornaments or biscuit tins.

As a festive addition to Christmas and at the same time as a special highlight, Hutschenreuther offers a music box with the Christmas song "We wish you a merry Christmas" in three sizes in a limited edition. With the star ornaments, which are available in three different motifs, Hutschenreuther is once again giving the Christmas tree a wonderful shine this year.
