Hutschenreuther - Collector's Items - Easter 2022

Spring wakes nature from its winter sleep and decorates trees with fresh foliage. In its new collector's edition Easter 2022, Hutschenreuther presents a joyful spring awakening on exquisite white porcelain. Butterflies flutter across the freshly blossomed meadow and on the new porcelain egg a cheerful little lamb plays tag with the mild spring wind. A fluffy bunny has hidden himself among fragrant colourful flowers on the porcelain heart.

On the new mini-eggs and -hearts, cheerful flowers raise their blossoms to the warm rays of sun. Decorated with ribbon bows, dainty violets, coneflowers and snowdrops as well as bright grape hyacinths herald the beginning of spring.

A new addition to Hutschenreuther collectors' edition is the elegant bell in a flower shape with the lovely décor "Spring Morning". Graceful spring flowers and fresh lush greenery awake to life in the warm sunlight and high quality gold ornaments outline this poetic scenery.
