Hutschenreuther - Flower Minis

Slim, bulbous, cup-shaped - the new lovely Hutschenreuther Flower Minis made of fine Bone China are an absolute eye-catcher. Their silhouettes imitate the classic Hutschenreuther vase shapes and whether on their own or as a group, these six graceful tinies are the perfect match to any interior.

The all-rounders in miniature reach a height of only seven to eleven centimetres and show off small bouquets just as skillfully as single flowers. The elegant mini vases can be easily combined with all Hutschenreuther Bone China collections.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
