## Hutschenreuther - Merry Christmas

### Merry Christmas gift collection

Merry Christmas! That is also the name of the new Christmas collection from Hutschenreuther, with finely detailed decorations, eye-catching greetings and three exquisite and traditional colour schemes.

Nordic Red, for example, features accented lettering, stars, sledges and reindeer, beautifully positioned on the cream-coloured material of the collection. For a more refined look, the Shiny Gold colour scheme presents angelic figures and a black band around the circumference, with gold stars and lettering. Charming Grey joins the new Christmas collection with typical Scandinavian reserve. In soft greige (a mixture of grey and beige) snowflakes and crystals float over cups, plates, bowls and Advent candlesticks. A stylised stag and branches are also present, along with striking lettering. All three colour schemes can be combined in any way you like, and you can complete the collections with the appropriate napkins, candelabra and baubles. A selected range of undecorated, cream-coloured pieces such as animal figurines, two new house façades with tealight inserts and various tree ornaments offer more ideas for decorations.
