Rosenthal - Francis Carreau Bleu

Rosenthal - Francis Carreau Bleu / Decoration design: Rosenthal Creative Centre
Historical references and modern elegance come together in the Carreau pattern on the Francis design to create a classically luxurious yet simple-looking table arrangement. The interplay of shaded and unshaded checked areas in royal blue with a delicate gold outline produces a kaleidoscopic colour effect. Subtle white surfaces bring a calming and airy feeling to the design and create an exciting contrast between light and dark, which is wonderfully complemented by the clear lines of the Francis design.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal celebrates 145 years of company history this year. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for a modern porcelain production at the time, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For 145 years, established designers, artists, and trendy newcomers have been creating elegant tableware collections as well as exclusive objects. The Rosenthal portfolio includes the brands Rosenthal, Hutschenreuther, and Thomas, along with brand collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, the company has been part of the Italian Arcturus Group.
