## Rosenthal Interieur - Carpets Faceted

With their unique cutting techniques, colours and pile heights, which recreate the texture and appearance of porcelain, the Faceted carpet range add the finishing touches to Rosenthal's exclusive interior collection of furniture, lamps and accessories in the truest sense. The range was the outcome of a partnership between young designers Dorothea Lang and Matthias Zinkl and Münchner Teppichmanufaktur.

### **Faceted carpet collection designed by Dorothea Lang and Matthias Zinkl**

The interplay of light and shadow turns mono-colour surfaces into multifaceted, complex structures. The Faceted collection picks up on this idea and uses contrasting monochrome, geometrical sections to create three-dimensional-looking carpets with one-of-a-kind effects.

The textile and industrial designer duo Dorothea Lang (born 1989) and Matthias Zinkl (born 1982) were already developing their own unique interpretations of modern design back when they were design students in Münchberg. Today, they both work and study at the Burg Giebichenstein University of Art and Design in Halle and at the Technical University of Munich. Their work is not only driven by aesthetic considerations, but also by philosophical and social issues. The jointly crafted carpet collection Faceted is a testament to their understanding of the spirit of the times, brand and user, bringing a clean design, high-quality materials and a fascinating three-dimensional look together to form a distinctive concept.

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
