## Rosenthal Interieur - FIN and RIFF

**Rosenthal Interieur - Bench RIFF and Chair FIN / Design: Diana & Emmanuel Dietrich**

The new Riff bench and the beautifully shaped, slender Fin chair complement the winners of the Iconic Award: Interior Innovation 2016 – the dining table Mellow and the German dining chair Shell from the Rosenthal interior collection. Both pieces stand out thanks to their minimalist, clear-cut design, high level of functionality and comfortable upholstery. As with Shell, the distinctive feature of both the newcomers is the inclined brass chair legs, which are inspired by the retro look and leave plenty of legroom. New covers from the textile manufacturer Kvadrat also guarantee a wide range of combination options for dining rooms and living areas.

### From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio

features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
