Rosenthal meets Versace - I love Baroque

I love Baroque

The legacy of Versace and its fascination for glorious epochs remains opulent yet renewed in a pure style, making the new I love Baroque collection enduring and timeless. The 2017 dining collection from Rosenthal meets Versace reinterprets the heritage of the Maison with refined decorations of the Baroque era in signature tones of black, white and gold. The gold Medusa draws the eye to the centre of the plate while recurrent neo-classic symbols interchange in geometric circle bands. Signature of the Baroque print, urns, laurels and ornaments stand out on a matt, especially colorfast black or white background, all enriched with gold.

I Baroque Limited Edition

The plate I love Baroque Limited Edition complements the collection in Rouge, Violet, Vert, Bleu and Noir Brillant with a magnificent gem for the opulent table while its surface captivates with its excellent processed precious metals and a tangible shiny relief. The collection is limited to 199 pieces each worldwide.

I Baroque and Roll additions

The I love Baroque collection also comes in another different version: The limited I love Baroque and Roll collection, available only in 2017, with its vibrant strokes of blue, green, purple and red color-blocks set on the matt black and white pattern. A contemporary vision that conveys the dynamic and sporty attitude of the latest fashion collections by Versace. Plates and cups complement the collection.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
