Rosenthal meets Versace - La Medusa & La Medusa Studded vases

Crafted in Germany from premium porcelain, Rosenthal meets Versace's **La Medusa vase collection** is modelled on Versace's successful "La Medusa" handbag adorned with a Medusa plaque – the same décor that was discovered on the doors of the brand's first headquarters in Milan.

A special detail is the curved offset of the top with the iconic Medusa and fine decorative stitching as on the leather handbag. The cylindrical vases made of coloured porcelain are available in three sizes in pastel shades of pink, green and blue.

The eye-catching **La Medusa Studded Vases** beguile with ton-sur-ton macro studs and the extraordinary round shape. The vases made of coloured porcelain are limited until 31.12.2022 and available in two sizes in pink and green.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the

path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
