Rosenthal meets Versace - Medusa Colours Collection

A Versace Home Collection classic, the Medusa Colours tableware line is designed in 2020 boasting a new colour palette.

Characterized by a central Medusa motif, the fine porcelain plates are adorned with heritage gold-tone Barocco borders. Already available in classic red and blue tones, the 2020 collection introduces four new colorways: delicate rose, light celeste blue, marine purple and juniper green.

The Medusa plates are available in 30 cm wall and 18 cm bread plate iterations.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the

path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
