Rosenthal meets Versace - Medusa Gala and Medusa Gala Gold

Medusa Gala and Medusa Gala Gold

Medusa Gala is a new luxurious and elaborately decorated tableware range that complements the glamorous Versace Lifestyle line. Inspired by the ambience of opulent dinner parties, the design replicates the traditional Versace motifs: the iconic Medusa head and intricate Baroque ornaments adding an exciting contrast of white and gold to create a contemporary table arrangement. The Medusa Gala Gold line, adorned with a full-faced gold plume and ribbon motif, is even more luxurious.

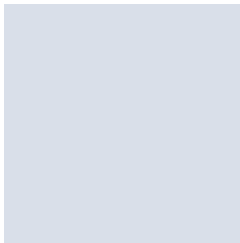

The Medusa series is one of the most extensive Rosenthal meets Versace collections and first made an appearance as a dinner service back in 1993.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental

and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
