Rosenthal meets Versace - Medusa Grande: Colour Fuchsia, Imposing Vases, Scented Candles

Rosenthal meets Versace extends the popular Medusa Grande Collection in 2021 with several new designs.

Two new sizes

The Medusa Grande vases are now available in two new sizes: 9cm and 30 cm.

New color

Medusa Grande vases, Medusa Gypsy and Break the Bank Money boxes have been refreshed in a new fuchsia shade. The color creates a play of shades on the surface of the decorative objects, with the tone changing from warm fuchsia to metallic shimmering copper, depending on the light.

Crystal Vase

Another addition to the Medusa Grande family is an exceptional crystal vase, standing tall at 19 cm.

Imposing Vases

New imposing vases, 60 cm tall, add a Versace stamp to sophisticated interiors. Available in white, black and gold, the 3D designs are crafted by skilled artisans. The golden iteration is gold-plated entirely by hand.

Scented candles

Crafted from the finest porcelain, the candles are filled with high-quality natural organic soy wax with an intense fresh and flowery scent. With a burning time of over 40 hours, the scented candles set a luxurious mood in any interior.

Available in: White, Gold, Silver, Fuchsia

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
