Rosenthal meets Versace - Versace Bar

Rosenthal meets Versace - Versace Bar

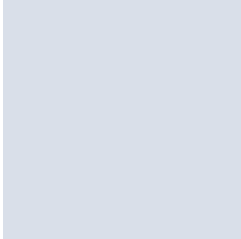

Rosenthal meets Versace is raising bar culture to a new level. The Versace Bar Collection made from high-quality stainless steel is elaborately silver-plated by hand and includes wine, champagne and ice coolers, cocktail shakers and strainers as well as bottle coasters, trays and dishes.

A further highlight is Versace's legendary Medusa, which adorns every item and is gilded by hand. The new Bar Collection from Rosenthal meets Versace is the perfect mix of seduction and functionality – for homes, bars, restaurants and exclusive clubs.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
