

Between dark green and elegant black: Mesh Forest.

Feb 09, 2018 08:02 GMT

Rosenthal - Mesh Forest and Mesh Line Forest

Mesh Forest – design: Gemma Bernal

Rosenthal is increasing the huge diversity of its best-seller Mesh to include a new, tree-inspired colour: Forest. Shimmering between classy black and deep green, the on-trend base colour exhibits a range of nuance, making it the perfect complement to the popular Mesh colour concept and creating a powerful impact. Depending on how your tableware is arranged and combined, Forest transforms your table into a contemporary visual showcase or something more intensive and opulent and harmonises seamlessly with modern living environments and culinary concepts.

Mesh Line Forest – design: Gemma Bernal

In addition to the on-trend colour glazes in aqua, cream, walnut and forest, Mesh now also features the harmonious Line design. This design features the fine mesh structure as printed lines of colour on the porcelain and, thanks to the new Forest colour, creates a highly distinctive black-and-white look. Both the strict geometry and the relaxed linear structure created by the crossovers stand in perfect harmony with the glazed pieces of the Mesh collection and create a striking contrast of white and coloured surfaces. As a result, Mesh Line offers even more combination possibilities – whether you are going on a picnic, enjoying a relaxed family brunch or serving haute cuisine.

In 2018, this versatile concept will feature new rim plates for all colours in the Mesh Colours and Mesh Line ranges and new oval bowls and stackable cups for Mesh Colours.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
