Rosenthal - Papes Salt Oyster

Rosenthal – Pape's salt oyster

Pape's salt oyster, a gourmet gift idea, combines the fine cuisine of Sylt with elegant Rosenthal porcelain. The oyster features a delicate relief structure and a shimmering mother-of-pearl glaze on the inside, making it an excellent choice not only as a vessel for Sylt sea salt from Alexandro Pape's salt works, but also as an unorthodox table accessory. It is available by itself or in a set with a wooden spoon and a salt flask.

The Sylt sea-salt factory of chef Alexandro Pape produces up to 50 kilograms of salt per day from good North Sea water of verified quality. This salt is hand-sieved and poured into small salt containers. Sylt sea salt is perfect for serving and refining food. Sprinkled over dishes directly at the table, it adds a pinch of Sylt to cuisine.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental

and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
