Rosenthal - Rabbits

Rosenthal Rabbits, designed by Rosenthal Creative Centre

In stylish pastel tones and a trendy do-it-yourself look, the Rabbits collection, made from the finest Rosenthal porcelain, is the ideal choice for decorations for next Easter. The figurines are available in three sizes as either hanging or standing ornaments and, thanks to their novel structure and innovative porcelain paste in macaroon, stone, rosé and white colours, look at first glance as though they are made from the finest wool. Their clean shapes and proportions make them suitable decorative designer pieces for the whole year, and not just Easter.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal.

Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
