# Rosenthal - Sixth Sense/Design: Gemma Bernal

## Sixth Sense/Design: Gemma Bernal

Gemma Bernal's "Sixth Sense" gourmet cloche invites us to enjoy our dining experience with all six senses. With its sloping sides and collection grooves, the innovative cover prevents condensation from dripping onto your food. Essences and sauces can be served separately via the top opening and three different plugs/insets. The accompanying gourmet plate features indents and a groove structure to allow optimal presentation of the meal.

## From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
