Rosenthal - Surface

Rosenthal Surface/Design: Achim Haigis

Tantalizing, different, interesting. No matter how one turns and turns, it arises again and again an apparently new form. Even when empty, these vases are an eye-catcher. The porcelain collection surface consists of four vases of different sizes and a decorative shell.

The selected designs in the glass gift series “Surface” by the Berlin designer Achim Haigis originate from an experimental phase. The multitude of surface areas allows a rich variation in how the objects are positioned and tilted.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with

collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
