Rosenthal - Year of the Tiger Zodiac Plate/Design: iSHONi

Energetic, proud and determined: as the third animal of the Chinese horoscope, the tiger is a strongwilled

free spirit. The font of golden yellow is adorned by two lithe tigers with a sharp gaze from green-blue eyes. A Yin and Yang sign symbolises the duality of life. Framed by water lilies and seaweed, the flag of the plate combines Chinese as well as Buddhist symbols of luck. Golden coins stand for wealth, prosperity and power.

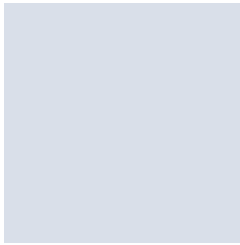

The title “Courage and Renaissance” on the back of the collector’s plate stands for the courage of new beginnings and the strength of a fresh start.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal’s clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the “Corporate Sustainability” unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio

features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
