Sambonet - Hannah Antique

Sambonet Hannah Antique

A classic of design like the Hannah collection is now offered in a new modern finish. Already winner of the Golden Compass in 1994, the tableware designed by Anna Castelli Ferrieri has distinguished itself in the design world in recent years because of the wise balance between elegance and practicality the designer imparted to stainless steel. Characteristic elements like the width of the bowl of the spoon and the sinuosity of its lines are offered again today in the charming Antique version, the result of a special industrial shot-blasting technique. Every single item undergoes an abrasive treatment that uses ceramic microparticles and high-pressure air to treat the entire surface of the tableware. The very special final effect is one of subtle texture, pleasant to the touch, due to the steel taking on a unique opaque appearance.

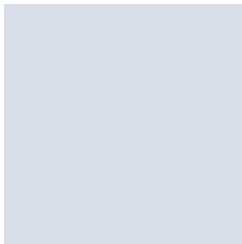

Hannah Antique is the perfect alternative for those who appreciate design and like to keep up with the latest trends, staying current with the influences from other areas of the international lifestyle.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for

everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
