Sambonet - Madame

Sambonet Madame

Reminiscent of the mood and prosperity of 19th-century French salons, Madame - the charming collection of footed bowls and trays by Sambonet - comes into being. Light, elegant and a bit mischievous, like the noblewomen of Marie Antoinette's court, this footed serveware features contrasting volumes and heights and unique colours. Centro Stile Sambonet's excellence in processing and finishing stainless steel comes together with the contoured lines of the fine resin bases, also distinguished by the nuances of stone and ornamental mineral. Fine craftsmanship and innovation that play with the effect of different materials and reflections.

The chromatic subtlety of pink onyx, white marble, jade and the intensity of lapis lazuli, malachite and black marble have been skilfully matched with the reflecting Mirror, Gold, Rum and Parfait Amour finishes. Of course, alongside the innovative PVD colour coating, we included a fine silver-plated option for fans of this noble material. Each item is unique, none of them are exactly the same and together they all form a wide range of footed serveware - eight bowls and eight trays. Aristocratic in shape, the former are reminiscent of the wide, showy panniers or side hooped dresses with their stiff, tight-fitting bodices. On the other hand, the footed trays look a bit like special stages set to showcase tasty cakes, refined flower arrangements or even to offer a precious gift to a special person. Sophisticated and openly out of the ordinary, Madame will stand out in any part of the home. Attractive and slightly flirty, a smile comes naturally when you look at it.
