Sambonet - Rock

New Cutlery Rock by Sambonet

For Sambonet, being "rock" is more than an aesthetics matter. The new **Rock cutlery** are extremely versatile and at the same time they add personality and determination to the table: they are original, well designed and with a sophisticated style.

The square lines and thickness of the stainless steel are peculiar to this collection, as well as its functional and contemporary style. Sambonet integrates the classic **stainless steel** with the **PVD 2Black** and **Champagne** shades and, with the same colouring, the unique **Antique** version with its tactile effect.

Trendy, casual and charming, this collection is perfect for today's dining lifestyle that, from the simplicity of everyday use, can be transformed into a stylish accent for a variety of social gatherings. For a traditional table setting or a Sunday brunch, for a special occasion or a late-night spaghetti dinner with friends, Rock by Sambonet gives you the chance to stand out just following your individual **daring and sense of freedom**.

Rock is available in sets for 6 people with 24 or 36 pieces, which can be extended with dessert forks and espresso spoons in a lovely gift box.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history.

The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
