## Sambonet - Rock`n` Rose

### Rock`n`Rose

After the success of 1965 Vintage Quarzo Nero, Sambonet has expanded its offer of non-stick aluminium frying pans and woks. Rock`n`Rose combines technological expertise in the kitchen with the ongoing stylistic and conceptual research for which the brand is internationally recognised.

Simple, curved lines and a fascinating stone-effect texture, available in two shades. The dark Rock version is inspired by the grit, intensity and enthusiasm that motivates every cookery enthusiast when inviting guests and friends to dinner. The pale Rose shade expresses the energy, love and attention that goes into the preparation of tasty dishes. The wood-effect Bakelite handle is a design touch that adds harmony to the shape. Ergonomic and soft-touch, it is an invitation to immediately try your hand at the stove.

Rock`n`Rose delivers professional performance thanks to its five-layer non-stick coating, which guarantees thermal efficiency, scratch resistance and durability over time. Ideal for both slow and high-flame cooking, it is also perfect on induction surfaces and can be conveniently washed in the dishwasher after use.

The frying pan is available in three diameters - 20, 24 and 28 centimetres - and is a real all-purpose utensil in the kitchen, perfect for all kinds of cooking. The wok is great for tossing pasta and can also be used instead of many other pots for frying, stewing and steaming. With Rock`n`Rose you can have lots of fun in the kitchen, with style!

## From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
