## Sambonet - Siena

In Siena, the solidity of stainless steel matches the romantic style. Suggestions and details that come from the Tuscan manufacturing art of working leather. As concrete and strong as the earth of the hills thanks to the thickness of its body, but beautiful and haughty like the medieval city from which it takes its name, this collection is full of meaning thanks to a sophisticated relief, coined on the entire surface. It is perfect for naturalist moods, jungle or extremely refined outdoor tables.

The cutlery is available in 6 people table sets and in practical 6 people table espresso spoons and dessert forks sets. All sets are available in stainless steel and in the refined and unique Mirror PVD Gold and Mirror PVD Copper.

### From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal.

Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
