Sambonet - Venezia

Unusual and mysterious, original and romantic for its reflections of light on the water, for its artistic arches and bridges. Venezia fascinates the travellers in Italy the most - a miracle created by nature and the hand of man. The relief of the cutlery is inspired by the wave ripples on the shore fortifications and the ornate architecture. An organic décor with filigree embossing on the entire cutlery piece, which always attracts attention with its delicate design.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
