Thomas - Loft Colour - Moss Green

A timeless and beautiful design form that looks good every day and in all situations - this is the secret of Loft's success. The Scandinavian-inspired glaze colours "Moon Grey", "Ice Blue" and "Night Blue", give a fresh naturalness to the modern shape and get expanded with a new shade „Moos Green“. The series, developed by the British design duo Queensberry Hunt, has already been successful on the market for 20 years.

The Loft Colour articles are dipped in coloured glaze and then being fired. Depending on the thickness of the glaze, a variety of shading effects are possible, which are particularly accentuated by the fine grooved structure typical of Loft. Each article thus receives an individual appearance in a trendy handmade character.

The modern Loft Colour collection with its trendy and Scandinavian-inspired colour glaze gets an additional colour shade. With the new glaze "Moss Green" you get the feeling of nordic woods with moss-covered trees... forest bathing for your home.

This woody touch fits smoothly to the handmade character of the Loft Collection and fits perfectly in the existing colour scheme. Also it can ideally be combined with "Moon Grey" or the classic Loft White.
