## Thomas #Mugs

Thomas #Mugs

**Danke - Thank You - Merci - Arigatô – Mahalo - Dank je wel**

More than 7000 languages worldwide, more than 7000 ways to say thank you: with the new #mugs, Thomas now makes it even easier to present a little gesture of gratitude to your loved ones, your family or your normal everyday heroes – even without any grand statements. No matter whether it's a parcel carrier, nursing or care staff, or the nice cashier at the supermarket checkout – the Thomas #mugs are the perfect gift to put a smile on someone's face and give them encouragement, even in difficult times. On Instagram, the hashtags #danke, #thankyou and #thinkpositive are a widely used way to spread gratitude, joy and positive energy. Combined with a hand-drawn motif each, they turn the three Thomas #mugs into modern statement pieces.

### From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability"

unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
