Thomas - Sunny Day Cool Ice

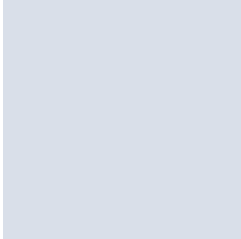

Sunny Day Cool Ice

The new Cool Ice porcelain collection is reminiscent of gloriously carefree childhood days. The handy ice-cream bowls with matching porcelain ice-cream spoons – with their trendy spotty design and range of six refreshing colours (light pink, new red, yellow, grey, orange and Nordic blue) – enable you to enjoy this summery treat experience over and over again. The practical bowls can also be used for all kinds of desserts, including crème brûlée.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
