Thomas - Sunny Day - Soft Yellow

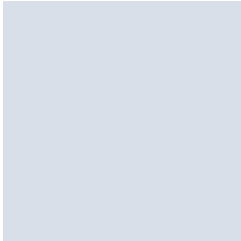

Light and easy-going, yet expressive and energetic - the new colour Soft Yellow is a committed team player in the colourful Sunny Day collection. The delicate vanilla yellow brings an extra portion of good mood to the table in combination with Avocado Green or Seaside Green. The soft shade looks at the same time radiant with the bright Sunny Day colours New Red, Orange or Fuchsia. The stylish Soft Yellow is captivatingly relaxed and makes the play with colours in the popular Sunny Day collection even more exciting.

As usual, the décor is dishwasher and microwave safe.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
