Thomas - Thomas Nature - Coral

In addition to the three existing soft colours "Sand", "Water" and "Leaf", the new colour "Coral" brings liveliness to the table. The bright yet subtle shade of red attracts all eyes and still harmonises well with the other colours of the collection. "Coral" brings a casual look to the table by using the colour palette found in the nature.

The rustic yet high-quality stoneware material gives the plates and cups of the Thomas Nature collection an authentic character in a trendy handmade feel. Each item in the collection is hand-glazed, providing it its own individual appearance.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal.

Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
