

The soft green tone conveys a feeling of freshness and harmony

Thomas - Trend Colour - Moss Green

With "Moss Green" Thomas continues the success of Trend Colour in 2021. The soft shade of green is reminding us of a relaxing walk in Nordic forests, the quiet appearance on soft moss soil, surrounded by fresh and harsh forest air.

For a striking appearance with a trendy handmade character, the articles are individually dipped in coloured glaze and then burned. Depending on the thickness of the glaze, this creates individual and varied shading effects, which are particularly highlighted by the fine grooved structure typical of Trend.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal reflects on its longstanding company history. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal.

Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
