

Not only for perfectly cooled drinks: Sambonet Bar Selection in Cognac - a shiny eyecatcher for every bar.

Dec 04, 2018 07:00 GMT

A glamorous and shiny New Year's Eve: our must-haves for a felicitous turn of the year

There is no getting around it: a festive New Year's Eve celebration with Champagne, good food and a boisterous party with family and friends. Our must-haves for a felicitous turn of the year:

The **Rosenthal František Vízner Champagne saucers** made out of hand blown crystal glass are perfect for clicking glasses with a fantastic sound at midnight.

Ice bucket and cooler of the **Sambonet Bar Selection** guarantee perfectly cooled sparkling wines and drinks. With the Boston, French or the traditional Cocktail shaker some fancy cocktails can be mixed, too.

Culinary delicacies served in a shiny classy way: the party spoons and forks of the **Sambonet Party Collection**

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 135 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for

aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
