An Idyllic Countryside Life on High-Quality Porcelain: New Easter collections by Hutschenreuther

Hutschenreuter: Collector's Edition – Easter 2023

Spring bestows the garden and courtyard with lush greenery and dresses flowers in colourful garments. In its new collector's edition Easter 2023 Hutschenreuther presents an idyllic countryside life on high-quality porcelain. On the new porcelain egg, fluffy goslings watch dragonflies as they dance with the first warm sunbeams and discover the beauty of apple blossom for themselves. Spring flowers exude a delightful scent and on the new porcelain heart, the goose family has built a cosy nest in a basket full of hyacinths and daffodils.

Cheerful birds announce the arrival of spring and gracious hyacinths on the new, limited-edition flower bell with the picturesque décor "Springtime Scent" captivate all senses while strolling through an enchanting garden.

Decorated with colourful bows, Hutschenreuther creates elegant garlands and bouquets of iris, clover and dandelion on the new mini-hearts and -eggs, filling the heart with joy for the Easter season.

Hutschenreuter: Collector's Items – Farm Life

Hutschenreuther sparks a dream of a romantic countryside life and presents cute piglet, bunny and gosling figurines as small porcelain pendants for the Easter tree that complement the new collector's edition Easter 2023.

Cute baby animals such as lambs, calves and goslings pose quite at ease on delicate porcelain eggs in the new, limited edition "Farm Life" series and light up our faces with a smile.

Chattering geese are chosen as a motif for the new Hutschenreuther vases. In two different sizes, they bring cheerfulness to the Easter table.

Hutschenreuther: Gift collection "Sweet Easter"

Dainty spring blossoms and lush fresh greenery take a central role in the new Hutschenreuther gift collection "Sweet Easter". Graceful early bloomers such as grape hyacinth, coneflower and blue-eyed-Mary intertwine with filigree spring twigs and bring a fine touch of spring to the Easter table setting. The vivid floral décor adorns plates, platter, mugs and adds a cheerful elegance to dishes designed in a delicate flower shape.

On selected gift items and on the matching paper napkins, a cute bunny is also hiding in the grass and curiously observes the flourishing of nature. Made of exquisite white Bone China porcelain, this charming gift collection can be easily combined with the Nora White and Nora Spring Vibes collections and offers a variety of options for creative table arrangements.

From Porcelain Pioneer to an International Design Company

Rosenthal products stand out for their design, function, quality and ongoing innovative spirit. Established figures from the worlds of architecture, design and art, but also the smart newcomers and talents design avant-garde dining collections, sophisticated interiors and exclusive gifts. With exceptional craftsmanship, Rosenthal has been producing porcelain "Made in Germany" for more than 140 years. At the same time, the two porcelain factories in Selb and Speichersdorf are among the most modern production facilities in the porcelain industry worldwide and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.
