Balls, Bells, Stars: Stylish Ornaments for the Christmas Tree

What would Christmas be without the celebratory decorated Christmas tree?

Decorating the Christmas tree is a permanent part of the Christmas celebrations. Gently decorated with stylish pendants and brightly lit the tree brings the right atmosphere into the living room.

The Christmas Collection **Yule** by Rosenthal and the **Reflections of Holidays** Collection by Rosenthal meets Versace provide decorative eye-catchers for the Christmas tree in the form of porcelain balls and bells.

Hutschenreuther presents a range of lovingly designed pendants. Different shapes and decorations can be found within the Collector's Editions **Winter pleasures** and **Merry Christmas everywhere** as well as within the **Cozy winter** Collection.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 135 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
