Gift Collection – „Christmas time“

When it starts snowing outside, we make ourselves comfortable at home. We snack on home-made biscuits, enjoy a hot cup of coffee, tea or cocoa and conjure up atmospheric light with candles and tea lights. The gifts from the "Christmas time" series spread a relaxed festive mood. The biscuit plates and star-shaped bowls, the Christmas bread plate and the table light - as well as the four different mugs - are decorated in festive red and green. The creamy white of the bone china makes every article to a very special one.

Field and forest are asleep in winter - the trees wear thick snow caps on the biscuit plates, the glass sphere with snow effect and the star-shaped tray, and cheerful little birds sit in their crowns like a bright Christmas decoration. Renáta's colourful illustrations decorate both limited edition collectibles such as porcelain bell and mini Christmas sets, and paper napkins, plates and cups, as well as Christmas gift items such as mini tree ornaments or biscuit tins.

Nora Christmas 2021 - Collection expansion

A green pine branch garland with cones, bells and Christmas stars woven around warmly shimmering bone china - the Hutschenreuther Nora Christmas collection combines the coziness of the merry Christmas days with the stylish elegance of tableware. The new table light, which immerses the Christmas table in magical candlelight, creates a particularly festive atmosphere.

Delicate Hutschenreuther porcelain figurines complete a festive Christmas decoration.
