Colour remake: Mini vases meet great design

Whether a single cherry branch or a small flower arrangement: Rosenthal's Mini Vases+ turn blossoms, buds and branches into real eye-catchers. Twelve designs, formed from coloured porcelain mass in the six new shades Mint, Coral, Mid Night, Fossil, Abyss and Lava, come in an elegant surface similar to "biscuit" porcelain (porcelain without glaze) and in extraordinary shapes. The small design objects were modeled exactly on their large predecessor vases. The small "Fast" vase, for example, is a fascinating interpretation of social change in the digital age, while "Node" is the little brother of designer Martin Hirth's optical node. The 8-11 cm small vases work as soloists or in combination with each other and are ideal gifts for design lovers.

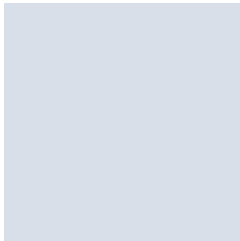

Price per vase: 35 € RRP

Available from January in stores or at [rosenthal.de](https://www.rosenthal.de).

From Porcelain Pioneer to an International Design Company

Rosenthal products stand out for their design, function, quality and ongoing innovative spirit. Established figures from the worlds of architecture, design and art, but also the smart newcomers and talents design elegant dining collections, sophisticated interiors and exclusive gifts. With exceptional craftsmanship, Rosenthal has been Producing porcelain "Made in Germany" for 145 years. At the same time, the two porcelain factories in Selb and Speichersdorf are among the most modern production facilities in the porcelain industry worldwide and deliver sustainable manufacturing with careful use of resources.
