Couch hottie: Sofa Bay with new colors

The Rosenthal Interieur sofa Bay shows up in new colors: Whether green, grey, black, nude or fancy aubergine-colored the design piece lightens up your interior. It was designed by German star designer Sebastian Herkner.

Bay sofa designed by Sebastian Herkner

A little bay to snuggle into and feel good – designer Sebastian Herkner transfers this sublime image to a stylish and relaxed sofa concept for design fans and comfort lovers. Bay captivates with an incredibly impressive wooden frame made from oiled oak and fabric cover on which loose cushions can be perfectly arranged. The modular concept allows for a wide range of combination options, and its generous seat depth, low seat height and high-quality cold foam upholstery make this sofa an ideal all-rounder for relaxing, surfing the Internet or working.

This new creation is inspired by the successful furniture range Hombre, which Burghard Vogtherr designed for Rosenthal back in 1975. Bay is available as a one-seater, two-seater or three-seater sofa or daybed in a range of fabric and leather designs.

Sebastian Herkner (born 1981) skilfully combines craftsmanship and high-tech elements in his designs. For him, good design means “combining a unique idea with function and top quality”. Born in Bad Mergentheim, Herkner has already designed pieces for Moroso, Carl Mertens, Very Wood by Gervasoni and ClassiCon, including probably his best-known design, the Bell Table, for which he was honoured with the Red Dot Design Award in 2010. For Rosenthal, the designer has created the innovative Collana and Falda vase collections as well as the multi-award-winning Meta, Mitis and Domo interior ranges.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 135 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward-looking investments that have been made. New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
