**Discover our Rosenthal, Rosenthal meets Versace and Sambonet novelties at the Maison & Objet 2018**

At the Maison & Objet 2018 in Paris the Rosenthal GmbH will mainly present the Christmas collections of Rosenthal and Rosenthal meets Versace, as well as cutlery and accessory novelties from Sambonet. After a restructuring of the fair you will find us in Hall 1, Booth C6/D5 in the “Cook & Share” section. We’re looking forward to seeing you there!

### **Rosenthal Carreau Rouge**

Historical references and modern elegance come together in the Carreau pattern on the Francis design to create a classically luxurious yet simple-looking table arrangement. The interplay of shaded and unshaded checked areas in sensual red with a delicate gold outline produces a kaleidoscopic colour effect. Subtle white surfaces bring a calming and airy feeling to the design and create an exciting contrast between light and dark, which is wonderfully complemented by the clear lines of the Francis design.

### **Rosenthal Yule**

The naturalness of the decoration, its classic straight lines and Christmassy colour scheme conjure up an atmosphere that combines the simplicity and beauty of nature with the elegance of the festive period to evoke a feeling that we all seek at Christmas and find reflected in this tableware set: the

magic of warmth and reflection.

### **Rosenthal meets Versace Reflections of Holidays**

The Reflections of Holidays Christmas collection is joyful and featured those Baroque elements that are unmistakably Versace. A large, red ribbon brings together pink, blue and violet ornaments in a unity that epitomizes the best place to be at Christmas time: one's own home. The fitting words "Home for the holidays, the place where all wishes come true" adorn the bottom of the collection's lavish under plate.

### **Sambonet Tailor Made**

Make your flatware unique in a few simple steps. A wide range of models to choose from: modern, classic or more design-oriented. Glossy, silver-plated, Vintage or Antique finishes, mixed with fascinating colours - thanks to futuristic PVD technology. Last but not least, the engraving of a logo that adds a touch of style, a monogram that represents a stroke of personality or a date that marks an unforgettable moment in time.

### **Sambonet Taste PVC Colors**

The success of the stainless-steel version of the collection prompted Sambonet to decorate it with new, shimmering reflections. Its expertise in PVD technology has made it possible to add the elegant Gold and Copper finishes to Taste, in line with the new trends where colour breaks the monotony at the table.

### **Sambonet Twist PVD Colors**

The collection is currently available in polished stainless steel and in the refined silver version and it now comes in two new PVD colours. The shining Copper is joined by the original Cognac, a shade developed exclusively by Sambonet that complements the Sphera Bar Selection line to enrich and express the endless serving options.
