Gift Ideas: Most Beautiful Vases from Rosenthal

Vases come in all imaginable heights, shapes, and colours. There are timeless must-haves that, regardless of interior style, find a place in almost every home. And then there are the bold designs that make a stylistic statement and tell their own unique story.

We've put together a best-of selection from the collections of Rosenthal, Rosenthal meets Versace, and Swarovski x Rosenthal: From bold designs and forms with harmonious colour gradients to true divas among flower vases. They make beautiful gifts but also bring joy when you keep them for yourself

and decorate them lovingly.

The iconic Design Vases+ from Rosenthal come in striking shapes and make a real statement in any interior, even without floral decoration. Cast from coloured porcelain, glazed on the inside and matte on the outside, each one is a work of art in itself.

Inspired by the charisma of great Italian divas like Maria Callas or Sophia Loren, the new glass vases from Rosenthal combine elegance with classic vase design. Whether for colourful bouquets, long-stemmed cut flowers, or single branches, the beautifully shaped flower vases made of coloured opal glass come in four shades: Grey, Green, Aqua, and White, and perfectly showcase flowers. Mouth-blown using overlay techniques, the rounded vases with variously sized necks are white on the inside and coloured on the outside.

In balance: The Balance Vases harmoniously blend colour, form, and texture. Made from the finest bone china, the vases bring a fresh touch to any interior with their watercolour-like transitions between shades. The elegantly shaped

vases are available in two colour options: In the "Lime" version, a soft light green fades into lime yellow, while the "Lila" version features various light and darker violet tones, also combined with lime yellow.

In the Mini Vases+ from Rosenthal, flowers, buds, and twigs become true eye-catchers. Twelve designs, crafted from coloured porcelain in six new shades – Mint, Coral, Mid Night, Fossil, Abyss, and Lava – come with an elegant finish similar to "biscuit" porcelain (unglazed porcelain) and feature extraordinary shapes. These small design objects are exact replicas of their larger predecessor vases.

Timelessly elegant and made from coloured, finest matte porcelain, the "La Medusa Mini" vases from Rosenthal meets Versace are a small eye-catcher in any interior. Each vase model is adorned with the iconic Versace emblem, the Medusa head. The mini vases are inspired by the design of Versace's classic "La Medusa" handbag and come in pink, white, and black porcelain in cylindrical and round shapes, standing 10 cm tall.

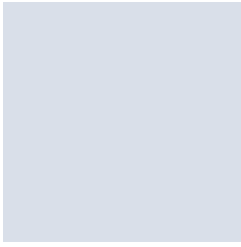

The sparkling world of Swarovski meets the finest Rosenthal porcelain in the Signum collection, bringing elegance to beautifully set tables. Delicately crafted patterns in thin golden lines trace Swarovski's signature octagon on the vases, available in four candy colours. The design is a tribute to the Wiener Werkstätte of the 19th century, an association of visual artists.

Whether it's a single cherry branch or a lush flower arrangement, flowers, buds, and twigs become true eye-catchers in the various vases from Rosenthal, Rosenthal meets Versace, and Swarovski x Rosenthal.

From Porcelain Pioneer to International Design Company

Founded in 1879, Rosenthal celebrates 145 years of company history this year. The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design. For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels. Rosenthal is already on the path of green transformation and established the "Corporate Sustainability" unit in 2022. The company actively addresses sustainability in environmental and energy management and social responsibility. The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.
