## Golden Vibes: Medusa Rhapsody by Rosenthal meets Versace

### Rosenthal meets Versace - Medusa Rhapsody

A rhapsody of color and detail – the Medusa Rhapsody collection of fine porcelain adds that oh-so-Versace touch to any dining room.

One with the ready-to-wear collection, the dinnerware and clothing draw inspiration from each other – resulting in a remarkably modern, yet intrinsically Versace collection. The Medusa and baroque flowers are painted in opulent golden shades, while key items feature the Versace 90s Vintage logo label.

Crafted out of the highest quality porcelain, the collection consists of tableware, coffee and tea sets, étagères and home décor such as vases, ashtrays and decorative dishes.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The

collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
