## Happily Ever After: Stylish wedding gifts by Rosenthal & Rosenthal meets Versace

A wedding gift should come from the bottom of the heart and bring a lasting joy to the wedding couple.

Elegant Rosenthal mini-vases and wristwatches, charming white or black porcelain hat mug, extravagant Medusa Kaleidoscope bowl and alphabet trays by Rosenthal meets Versace as well as high-quality Sambonet cutlery will be remembered for a long time - and the beauty of design survives even the seven-year itch.

### **Rosenthal - Mini Vases 2021**

Minimalist design in the truest sense of the word: Rosenthal is expanding its successful 2021 mini-vase collection with five new objects. Phi City by Cairn Young, Core and La Chute by Cédric Ragot, Skum by BIG and Totem by Ambrogio Tozzi also come out as miniatures between eight and eleven centimeters tall. Also available as mini-vases are Falda by Sebastian Herkner, the legendary bag vase by Tapio Wirkkala and Fast and Squall by Cédric Ragot. The shapely little creatures prefer to stand together as a group and enjoy admiring glances.

### **Cappello/Design: Damian O'Sullivan**

With the sympathetic collection "Cappello" (Italian: hat) Rosenthal starts a charm offensive at the laid table. The two-piece cup initially disguises itself as bowler hat in Charlie-Chaplin style and then turns out to be a cup with a saucer, which not only looks good thanks to the combination of matt and shiny porcelain but which is also a pleasure to hold in your hand. In addition to the classic version made of black porcelain, "Cappello" is also available in puristic white. A black and white gift packaging brings the winking charm of the hat cup designed by Damian O'Sullivan to the point.

### **Rosenthal Wristwatch Collection**

The Rosenthal wristwatch collection combines contemporary elegance, precise watch-making and the finest materials with an elaborate, handcrafted face made from the best porcelain to create a unique gift idea. All watches are assembled in Germany by masters of their craft. Rosenthal puts a great deal of attention to detail into manufacturing the watch faces, which are just 1.5 millimetres thick, at its site in Selb, located in the German region of Upper Franconia. They are decorated and painted by hand.

### **Rosenthal meets Versace - Kaleidoscope**

Crafted from high-quality porcelain, requiring a high-degree of precision and hand-craftsmanship, the decorative bowls are adorned with 36 intricate three-dimensional Medusa reliefs that exemplify the brand's excellence in porcelain design and manufacturing. A statement piece in any interior, the limited-edition line is available in monochrome white and gold or as a white iteration embellished by a single gold accent.

### **Rosenthal meets Versace - Versace Alphabet**

The 2020 Versace Home Collection celebrates the House's rich history while simultaneously elevating the design aesthetic for the new decade. The Versace Alphabet line takes a heritage print from "South Beach Stories", the famous photographic book by the Versace family, and reimagines the lettering in seasonal colour palettes. The new decorative porcelain trays affirm the brand's belief in individuality, allowing for mixing and matching of letters to spell an infinite number of words.

### **Sambonet - Tailor Made**

With its Tailor Made project, Sambonet not only confirms its leadership in the world of flatware, it opens a new pathway of progress in the Art of the Table. The focus on design, which is the hallmark of the highquality production that Sambonet brings, is expressed in a made-to-measure fashion. It meets the needs of people who love to make exclusive gifts for themselves or for others. A wide range of models to choose from: modern, classic or more design-oriented. Glossy, silver-plated, Vintage or Antique finishes, mixed with fascinating colours - thanks to futuristic PVD technology. Last but not least, the engraving of a logo that adds a touch of style, a monogram that represents a stroke of personality or a date that marks an unforgettable moment in time.
