Hare parade on the Easter table

Rosenthal Rabbits

In stylish pastel tones and a trendy do-it-yourself look, the Rabbits collection, made from the finest Rosenthal porcelain, is the ideal choice for decorations for next Easter. The figurines are available in three sizes as either hanging or standing ornaments and, thanks to their novel structure and innovative porcelain paste in macaroon, stone, rosé and white colours, look at first glance as though they are made from the finest wool. Their clean shapes and proportions make them suitable decorative designer pieces for the whole year, and not just Easter.

Hutschenreuther Springtime

Next spring, pretty dots, delicate filigree hare silhouettes and powdery pastel tones will conjure up good moods and fresh ideas for vintage-look decorations for the kitchen and living room. Whether in tone-on-tone or a trendy mix of colours – the cheerful dot design in lemon, pink, turquoise and taupe will make an impression thanks to a variety of different items that can be combined and sweet floral embellishments.

Cups, plates and bowls, as well as mugs and egg cups, will grace the Easter brunch table and create the perfect spring atmosphere for tea and coffee with friends. Two napkin designs, a matching drinking glass, which can be easily used for water, wine or home-made lemonade, and a metal étagère with two small wicker baskets round off the collection nicely. Shrubs and trees can be decorated with porcelain eggs in two sizes and exotic birds in lemon, pink, turquoise and taupe, while Easter gifts can be trimmed with lovingly

decorated ornaments.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 135 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward-looking investments that have been made. New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
