Home Makeover: The best style pieces from Rosenthal Interieur

In these times, our home is more than ever a retreat where we can draw new strength. For the less beautiful corners at home, we recommend a makeover with our stylish accessories from the Rosenthal Interior Collection.

Rosenthal Interieur - Chair Scoop

Scoop is an eye-catcher for every room. Its organic shape reminds you of the original forms of nature and radiates calmness and relaxation on its users. With bended knees or outstretched legs, the comfortable seat snuggles perfectly to each body form and is a stylish design object at the same time.

Teufel X Rosenthal - Speaker Set

Teufel's fine definition sound meets Rosenthal's fine porcelain. The symbiosis of technical know-how and innovative materials in a unique form led to the world's first streaming speaker with a pure porcelain enclosure.

Rosenthal - Lamp Nightingale

The Nightingale table lamp, designed by Dante – Goods and Bads in collaboration with Rosenthal, quite literally turns the structure and design of a lamp completely on its head: The otherwise normal lampshade of the design piece is rotated 90 degrees, thereby completely redefining the interaction between the light fitting and reflector. The delicate porcelain body is initially reminiscent of an antique lantern, but its thoroughly modern

aesthetics shine through thanks to the clear-cut design and soft beam of LED light. A leather band, available in Bordeaux, dark brown or natural, serves as a handle that can be used to change the position of the light and elegantly conceals the wires.

POMD`OR x Rosenthal - Bathroom Collection Equilibrium

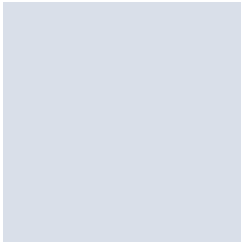

The Spanish POMD`OR brand, which specialises in accessories and designs for bathroom furniture, and German porcelain manufacturer Rosenthal have created an elegant new bathroom collection. " **Equilibrium**" has been crafted by Dutch designer Edward van Vliet and brings natural materials such as porcelain, marble, wood and glass together in perfect harmony.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
