## Just like Christmas: The Hutschenreuther Collector's edition "Christmas Gifts"

A winter fairy tale made of high quality porcelain with great attention to detail and delicacy designed by artist Renáta Fučíková - Hutschenreuther presents "Christmas gifts" the new collector's items 2021. Christmas is traditionally celebrated as a festival of merriment and charity within the family circle, and new colourful cups, mugs and plates bring a cheerful Christmas atmosphere into every home. With a fine colour décor adorning bell, ball, cone and boots made of fine porcelain, the Czech artist invites you to give joy not only to your family and friends but also to our little friends in nature.

Field and forest are asleep in winter - the trees wear thick snow caps on the biscuit plates, the glass sphere with snow effect and the star-shaped tray, and cheerful little birds sit in their crowns like a bright Christmas decoration. Renáta's colourful illustrations decorate both limited edition collectibles such as porcelain bell and mini Christmas sets, and paper napkins, plates and cups, as well as Christmas gift items such as mini tree ornaments or biscuit tins.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
