Keen On Green: Fresh summer with the new Thomas collections

Trend Colour – Moss Green

With "Moss Green" Thomas continues the success of Trend Colour in 2021. The soft shade of green is reminding us of a relaxing walk in Nordic forests, the quiet appearance on soft moss soil, surrounded by fresh and harsh forest air.

For a striking appearance with a trendy handmade character, the articles are individually dipped in coloured glaze and then burned. Depending on the thickness of the glaze, this creates individual and varied shading effects, which are particularly highlighted by the fine grooved structure typical of Trend.

Sunny Day – Avocado Green

The Sunny Day collection is keen on green in 2021. With the new colour Avocado Green we celebrate the health trend and raise the superfood to the Olympus of table culture. You will certainly not get enough of this calm colour and by mixing it with other contrasting shades from the Sunny Day collection, Avocado Green is at its best.

As usual, the decor is dishwasher and microwave safe.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form,

function, quality and craftsmanship and represent a cultural asset “made in Germany”, never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
