Love is in the Air: Valentine's Day with Rosenthal meets Versace

The décor designs by Rosenthal meets Versace are just like love itself: imaginative, passionate and with a good portion of glitter. Whether as a gift or as a dinner service, they create a unique romantic charm for Valentine's Day and make it an unforgettable event.

Rosenthal meets Versace: Le Jardin de Versace

Le Jardin de Versace is the name Gianni Versace gave his enchanting décor of the Rosenthal meets Versace collection. Colourful flowers, cheerful butterflies in a wide variety of shapes and soft pastel shades, bright red cherries, berries in earthy colours and elaborate ornamentation of earlier époques adorn the plates and cups in exquisite gold and are reminiscent of magnificent French gardens in the Louis Seize style: Le Jardin de Versace is a dream in porcelain. Romance and a love of nature characterise the décor with its harmoniously arranged trend colours.

Soft turquoise, vibrant red, lots of gold as well as blue and green in different nuances provide the décor with a certain lightness of being that is just made to awaken a spring mood and fly off into the realm of fantasy: The elliptically shaped handles of the "Icarus" shape thereby recall the characteristic symbol of the wing. The vivid colour combination with the noble gold and the delicate ornamentation takes reference to past époques as an expression of pure love and joie de vivre.

Rosenthal meets Versace: La Medusa Vases

Crafted in Germany from premium porcelain, Rosenthal meets Versace's elegant vase collection is modelled on Versace's successful "La Medusa" handbag adorned with a Medusa plaque – the same décor that was discovered on the doors of the brand's first headquarters in Milan. A special

detail is the curved offset of the top with the iconic Medusa and fine decorative stitching as on the leather handbag.

Rosenthal meets Versace: Barocco Mosaic

The Barocco Mosaic dining collection is a celebration of brand heritage. Four archive prints are patchworked into a quintessentially Versace design. The colours are bright, full of joy and energy – pastel purple and soft mint fused with classic gold tones create a fresh romantic look. The stunning tableware is inspired by the Versace Flash 2021 Collection, which celebrates attitude and a rebellious, young mood with its vibrant mix of neon colors, pastel shades and animalier patterns.

Rosenthal meets Versace: Medusa Grande Crystal

After the introduction of the transparent glass vase, the beloved Medusa Grande series is bolstered by three further colour variants in pink, blue and black. The famous design adds an exclusive colour accent to the interior and creates a sensation every time.

Rosenthal meets Versace: Greca Cutlery

Versace skilfully creates inimitably timeless collections. The cutlery series with embossed Medusa head and meander band crowns every Rosenthal meets Versace table. Made of high-quality stainless steel, the classy collection is easy to care for and suitable for every day.

From Porcelain Pioneer to an International Design Company

Rosenthal products stand out for their design, function, quality and ongoing innovative spirit. Established figures from the worlds of architecture, design and art, but also the smart newcomers and talents design avant-garde dining collections, sophisticated interiors and exclusive gifts. With exceptional craftsmanship, Rosenthal has been producing porcelain "Made in Germany" for more than 140 years. At the same time, the two porcelain factories in Selb and Speichersdorf are among the most modern production facilities in the porcelain industry worldwide and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.
