Zodiac sign plate Year of the Ox

Proud and selfless, honest and reliable - the ox takes the burden off people and carries it dutifully on his shoulders. With the Rosenthal Zodiac Collection, the iSHONi design studio is relying on the symbolic power of this second of the twelve Chinese signs of the zodiac. At the centre of the service plate is an unwavering, richly decorated ox. Green and red symbolise the animal's closeness to nature and its power. Framed by cornucopias with flowers and coins, the flag of the plate combines Chinese and Celtic symbols of luck, which stand for new beginnings and wealth. The golden key around the neck of the ox testifies to the knowledge of the return of primeval powers. Even after the hardest blows of fate, hopelessness and grief, there is time for healing and love. Besides service plate, plates and cups complete the Zodiac collection.

Rosenthal Pets

Whoever receives the cute little porcelain animal Schwein Alley as a lucky charm on New Year's Eve is lucky. Both Alley and her friends look as if they are knitted by hand and are available in three different sizes. Each figure is gift-wrapped and therefore a perfect present for loved ones.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern,

elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
