Opulence from A to Z: the new Rosenthal meets Versace Christmas Collection

Rosenthal meets Versace - Versace Holiday Alphabet

Heritage meets Holiday spirit! Versace family history is intertwined with classic festive elements for a warm, joyous atmosphere around the holiday table.

The Holiday Alphabet collection spells out Versace heritage with the Spring Summer 1992 archival print featuring Barocco lettering. The motif is joined by a bouquet of golden Baroque leaves, Christmas Star flowers, holly and mistletoe all tied together with a Greca bow.

The fine porcelain collection of plates, coffee and tea sets, dessert étagères and tree ornaments evokes the atmosphere of a holiday family gathering – the warmth of home, the importance of memories, and the love that Versace brings home for the holidays.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
