STYLISH PORCELAIN DESIGNS  
IN PASTEL COLOURS

Jun 21, 2023 08:00 BST

## Pastel Dreams: Stylish porcelain designs in pastel colours by Rosenthal and Rosenthal meets Versace

Romantically elegant and just a right match for the summer ambience, the delicate pastel colours of the vases and dining collections by Rosenthal and Rosenthal meets Versace remind us of refreshing fruit ice cream or lollipop candies. The cheerful designs make a trendy statement at home and can be perfectly combined with each other.

**Rosenthal: Maria en Vogue "Pale Mint" and "Pale Orchid"**

Fascinating in delicate pastel shades, "Maria" looks delicate and sensitive in a

modern colour look. For the first time in its more than 100-year history, Rosenthal's successful collection is now available in a contemporary version called "Maria en Vogue" with coloured glazes. The delicate pastel colours "Pale Mint" and "Pale Orchid" emphasise the romantic vintage touch of the shape and can be perfectly combined with "Maria" in White.

The following articles are now available in the "Pale Mint" and "Pale Orchid" variations: breakfast plate, coffee and espresso cup, dinner plate, soup plate, mug and cereal bowl.

### **Rosenthal: Maria en Vogue "Dream Blue"**

Timelessly beautiful and gracious, in a dreamy pastel blue - the Rosenthal classic "Maria" presents itself as a dazzling style icon in 2023. In the new colour glaze, the mysterious blue shade draws on influences from fashion and the elegant interiors of the past, giving the geometric shape a captivating look: the collection evokes the mysterious, the impossible, stands for romance and true love, it stands for the ongoing love story... of "Maria en Vogue".

A delicate shade of blue underlines a romantic vintage touch to the new series and highlights the famous "Maria" relief of pomegranates and olive branches on breakfast plates, coffee and espresso cups, plates, cereal bowls and mugs even more. "Dream Blue" looks seductive and creates a stylish mix of colours with "Maria White" as well as with the pastel shades of "Pale Mint" or "Pale Orchid", thus bringing this collection en vogue again.

### **Rosenthal: "Node" and "Node Stripes" vases**

Intertwined shape, flowing lines, soft porcelain - the ingredients for the vases by designer Martin Hirth are simple, the result is beguiling. For both the "Node" vase design and its mini format with striped pattern "Node Stripes", he applies a design principle that is typical for him: Movement and the merging and transformation of the familiar run like a thread through the designer's product portfolio.

In "Node", Hirth literally pours this principle into a geometric knot shape and creates a vase that seems more like a sculpture than a utilitarian object. The fine hand-painted lines of "Node Stripes", on the other hand, emphasise the dynamic shape of the knot and give the design a look that is both elegant and fresh. The colours surely contribute to this: Mango, Blueberry, Plum and Apple spark the desire for fruit ice cream and summer feeling.

## **Rosenthal meets Versace: "Le Jardin de Versace Dining Collection"**

Rosenthal meets Versace expands "Le Jardin de Versace" collection with new items for 2023. An enchanting décor depicts colourful flowers, cheerful butterflies in different variations and pastel colours. Shades of turquoise, red and gold adorn the coup plates, as well as small teapot and cups, in addition to bowls and dishes in various sizes – each reminiscent of French gardens and convey a spring-like lightness to the décor design of "Le Jardin de Versace".

Decorative details are adorned with gold-tone ornaments, the grandiose "Le Jardin de Versace" décor creates imaginary places to explore. This colourful collection opens the way to the world of Versace.

## **From Porcelain Pioneer to an International Design Company**

Rosenthal products stand out for their design, function, quality and ongoing innovative spirit. Established figures from the worlds of architecture, design and art, but also the smart newcomers and talents design avant-garde dining collections, sophisticated interiors and exclusive gifts. With exceptional craftsmanship, Rosenthal has been producing porcelain "Made in Germany" for more than 140 years. At the same time, the two porcelain factories in Selb and Speichersdorf are among the most modern production facilities in the porcelain industry worldwide and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.
